CRUISING FOR DREAMS

A BENEFIT FOR THE ERSKINE GREEN TRAINING INSTITUTE

SATURDAY, SEPTEMBER 16, 2017

On September 16, 2017, at the Horizon Convention Center in Muncie, IN, The Arc of Indiana Foundation invites you to sail into Fall, as we set our sites on the Hawaiian coast! From the moment you cross the gangway, experience all of the excitement of a Hawaiian Cruise liner; from deck games and fun, to luau-themed dinner and live entertainment.

Cruising for Dreams supports Erskine Green Training Institute in providing postsecondary training opportunities for people with disabilities that empower and lead to meaningful employment. Your support of this event enables The Arc to help countless people with disabilities pursue their dreams of community-based employment.

CRUISING FOR DREAMS

A BENEFIT FOR THE ERSKINE GREEN TRAINING INSTITUTE

ERSKINE GREEN Training Institute

ERSKINE GREEN TRAINING INSTITUTE

The Arc of Indiana, a statewide advocacy organization for people with disabilities, strives to empower people and inspire change in many ways. One of those ways is through The Arc of Indiana Foundation which exists to create postsecondary training opportunities for people with disabilities that empower and lead to meaningful employment through its program, Erskine Green Training Institute. After receiving training at EGTI, students apply those skills through internships at the Courtyard Muncie and Thr3e Wise Men Brewing Co., developed by our for-profit, Arc Innovation, and at IU Health Ball Memorial Hospital.

EGTI's programming is designed for individuals whose academic, social, adaptive and communication skills are affected due to a disability. Most applicants would have received special education services in the K-12 setting and exited their secondary school with a diploma, GED or certificate of completion. EGTI is a certificate program (not an accredited college degree program). Participants may also earn additional industry recognized certifications depending upon the program selected.

EGTI PURPOSE

The unemployment rate for people with disabilities is 82%. Of the 18% who are employed, one-third are employed part time. In the absence of employment, this population is forced to seek government assistance to survive. This is a population that wants to work but doesn't have access to learning marketable job skills.

To address this issue The Arc of Indiana Foundation built the country's first "Teaching Hotel" The Erskine Green Training Institute (EGTI) is housed within a Courtyard by Marriott and provides people with disabilities a postsecondary training opportunity in the hospitality, food service and health care industries.

The Erskine Green Training Institute provides something that did not exist in the United States for adults with disabilities - a welcoming and supportive professional career development destination that recognizes their potential as capable contributors to our society, as future workers, as tax payers.
